SUBJECT: Issuance of Revised ADS 308, Grants and Cooperative Agreements With Public International Organizations

Attached is the revised ADS chapter 308, Grants and Cooperative Agreements With Public International Organizations (PIOs). In addition to using plain language and the new ADS format, the reissuance includes a number of substantive changes.

USAID no longer maintains its own list of PIOs, and instead has adopted the list of International Organizations approved for details by U.S. Government employees, maintained by the Office of Personnel Management. It includes as a new mandatory reference a list of International Agricultural Research Centers approved by the AA for EGAT. To more accurately reflect the statutory limitations, the chapter states that USAID may not fund 100% of a trust fund if it does not have audit rights, and eliminates the requirement for cost share that was applicable only to grants to the UN. All PIO grants must be drafted using ProDoc, and grants in USAID/W must be processed through NMS. The Standard Provision on Refunds was revised to allow a grantee to retain up to \$250/ year in interest earned on advance payments.
